

## PACKERS MADE EXORBITANT PROFITS

### THIRD DAY OF BIG STEEL STRIKE SEE GROWING DISORDER

Three Men Are Killed and Ten Injured by Gun Shot Wounds at Ferrell, Pa.

More Men are Leaving Work in the Various Districts the Men Claim

Strike leaders met in Pittsburgh today to take action seeking the removal of state police from the steel centers. They declared the troops have exceeded their authority. Shortly before the meeting began strikers and police clashed in Buffalo, the first disorder reported today. During the night one man was killed and several injured. The rioting also continued in Ferrell, Pa., last night, one man being killed and six wounded. This disorder in that community totals three killed and scores injured. Three men were beaten by strike sympathizers in Indiana Harbor, Ind., last night.

Additional state police ordered out by Gov. Smith were enroute to the Buffalo district today following an appeal from the mayor of Lackawanna. The striking conditions in the Pittsburgh district apparently were unusual today while both sides claim gains in the Gary and Ohio areas. John Fitzpatrick will be the first witness at the senate labor committee steel strike investigation. Judge Gary, head of the United States Steel Corporation was scheduled for first witness, but notified the committee he could not be in Washington for a week.

**Want State Police Removed.**  
BY FRED S. FERGUSON.  
(United Press Staff Correspondent.)  
Pittsburgh, Pa., Sept. 24—Action toward asking removal of the state police was reported from the striking zone, it is declared today by a committee of twenty-four union heads and organizations to back the steel strike. The committee met in a special session at 11 A. M. John Fitzpatrick was scheduled to arrive from Chicago.

Charges that the state police are abridging "free speech" and clubbing and riding down the strikers without cause, will be presented to the committee. It is possible that the attention of all organized labor will be called to the situation, as a means of gaining sympathy. Should another letter be sent to President Wilson, it is certain charges against the police will be made.

#### First Violence in Chicago District

Chicago, Sept. 24—The first violence of the steel strike in the Chicago district today resulted in extra guards being ordered by the plant of the Marks Manufacturing Co., at Indiana Harbor, Ind. Eight men were badly beaten when a mob of four hundred strikers surrounded them. The men attacked said they had just completed putting out all fires with the intention of remaining away from the plant thereafter. The trouble started at 6 a. m. The strikers jeering the men started throwing bricks. A few shots were fired.

The Chicago district was quiet throughout the night and early today with the exception of the one outbreak.

Developments today included the announcement from the Great Lakes seamen's union on completing their strike vote. A sea strike would further hamper the steel strike by cutting off supplies.

#### Three Killed Many Injured at Ferrell

Sharon, Pa., Sept. 24—With the swearing in of scores of deputy sheriffs and placing the striking zone practically under marshal law, the state constabulary and police authorities were this morning prepared for any emergency that may arise in connection with the steel strike in the Shenango valley.

The record of disorder at Ferrell includes three killed and ten wounded by gun shots, and scores were injured by clubbing. The second fatal riot started last night when a mob fired on state troopers. They answered the fire killing one and wounding six rioters.

#### State Constabularies and Strikers Clash

Buffalo, N. Y., Sept. 24—State constabularies and striking steel workers clashed today when the latter ignored the command to disperse. The strikers began to congregate on the street corners in large numbers. The troops commanded them to move on. The strikers replied by a volley of stones and the troops charged wielding clubs. The strikers sought refuge in saloons but were followed and chased out.

#### Conciliation Boards May Be Outcome

Washington, Sept. 24—Governing or conciliation boards may grow out of the steel strike hearings, which begin before the senate labor committee tomorrow, was suggested by Senator Kenyon. Although opposed to compulsory arbitration for industrial difficulties, Kenyon said today that voluntary boards to investigate disputes between labor and capital and lay the facts before the public might be the outcome.

Kenyon received a telegram from Fitzpatrick saying he would cheerfully appear tomorrow to present the labor side in the steel industry of this country.

#### Youngstown, Ohio, Sept. 24—Five men were arrested near the Youngstown plant of the Sharon Steel Co.

this morning when several minor disturbances were reported to police here. They were found to be carrying stones wrapped in handkerchiefs in their pockets. The men are held on charge of making a disturbance.

Two men are in the hospital with fractured skulls. The men were attacked when leaving the plant of the

MISS EMILY FARNUM

Miss Emily Farnum of New York city, for many years connected with the department of commerce, has been named chief of the appointment division for the 1920 census.

Republic Iron & Steel Co. and were clubbed and stoned by strikers. Both are foreigners.

Three men were arrested in connection with this disturbance. Union men claim there are 39,000 idle here.

#### Strikers Assault Negroes.

Cleveland, Sept. 24—Riots broke out this morning when crowds of strikers discovered several negroes employed at odd jobs in the Steel & Wire Co's. plants in a street car going to work. They stopped the car and dragged the negroes to the street. Two negroes were badly beaten and were taken to a hospital. One striker was stabbed and seriously hurt. Police arrived and arrested six of the strikers.

#### Troops Ordered to Lackawanna

Albany, Sept. 24—Governor Smith has ordered a company of state police to Lackawanna where disorders have occurred in connection with the steel strike. The detail left here at midnight and was joined by a detachment of another company in the western part of the state early today.

#### Can Stand Two Weeks

Detroit, Mich., Sept. 24—Michigan industry can weather a two weeks' steel strike—one longer than that might prove disastrous.

This was the opinion among leading manufacturers of the state today.

### Federal Trade Commission so Reported to President Wilson During War

The Report Was Withheld From Public, Fearing it Would Injure Food Saving

Washington, Sept. 24—Disclosure concerning the packers war time profits, and an attempt to have President Wilson change the food administration regulations under which the packers operate, were made today in a report submitted to the senate by the federal trade commission.

The report, which was in response to a resolution by Senator Norris, of Nebraska, made public confidential correspondence which showed that the commission told the president the packers profits were "unreasonably high" and the food administration regulations should be changed to "safeguard the public interest." The commission informed President Wilson in a report dated June 28, 1918, that packers war profits were at a rate of 2 1/4 to 3 times the earnings in pre-war years.

The report was held from the public during the war fearing it might injure the food saving campaign. Herbert Hoover also recommended that it may not be made public.

### State Fire Relief Board Met Today

(By United Press)  
St. Paul, Sept. 24—Fire protection in Minnesota forests was assured today by the action of the newly state relief board meeting in the governor's office.

The board acted on the suggestion of State Forester Cox authorizing him to employ one hundred and thirty-five patrolmen to patrol the forest area from now until snow falls. The board laid aside \$50,000 for deficiency expenses and also to have the state highway commission make a survey of northeastern Minnesota for the purpose of laying out highways so as to make it easier to prevent forest fire.

### Look Up Who Objectors Are

St. Paul, Sept. 24—The state bonus board in a conference at the capital this afternoon conferred with agents of the federal department of justice and of the American protective league in regard to eliminating conscientious objectors from partaking in the \$20,000,000 bonus fund. It is believed in order to determine who the conscientious objectors are, a representative will be sent to Washington to look up reports in the war department.

### Wilson Consents Fiume to Italy

Rome, Sept. 24—The Paris Epoch reported today that President Wilson's reply on the Fiume dispute reached the American peace delegation last night, and assigned Fiume to Italy on condition that the port is not fortified and is placed under the control of the league of nations.

According to the report the president established the present armistice line as the boundary defining the extent of the Fiume territory.

### High School Students Strike

El Paso, Texas, Sept. 24—More than three hundred high school students are on strike following orders from Principal Fowler that they should sign an obedience pledge or quit school. They paraded carrying red flags, the red emblem has been adopted as their striking colors.

CAPT. E. C. HOY

This is Capt. E. C. Hoy of Vancouver, who recently flew over the Rocky mountains from Vancouver to Calgary.

### Nation Wide Railway Strike

(By United Press)  
Threatens Great Britain on Rejecting Offer of Men for Wage and Working Conditions

London, Sept. 24—Great Britain today was threatened with a nation wide railway strike after a meeting of the executives of the national union and railroad men today. J. H. Thomas, general secretary, issued a statement announcing that an ultimatum had been sent covering the rejection of its offer of wage and working conditions. Thomas intimates that unless a favorable reply is received by noon tomorrow the men would be ordered to cease work.

### German Chancellor Has Heart Trouble

(By United Press)  
Berlin, Sept. 24—Chancellor Bauer has fallen ill, suffering from heart trouble, and is unable to perform his official duties.

### William Penn's Meeting House in England Which Has Just Been Whitewashed Anew

For ten years William Penn worshipped in the "Blue Idol," a Quaker meeting house at Coolham, Sussex, England. It is still used every Sunday and was in its original state, except for an excess of whitewash on its walls and old oaken beams, until a month or two ago. A party of

## RESERVATION IN ART. 10 WOULD REJECT TREATY

Wilson Declares Change Would Be "Absolute Withdrawal" From the League

Depicts Germany "Praying" the United States Will Refuse to Ratify Pact

Salt Lake City, Sept. 23—Replying directly to senate proposals to write reservations into ratification of the peace treaty, President Wilson declared in an address in the Mormon tabernacle here tonight that the proposals would "cut the heart" out of the league of nations. Before a cheering crowd Mr. Wilson read a proposed reservation under which the United States would "assume no responsibility" to protect the integrity of foreign governments under Article X. Such a reservation he asserted was not to interpret the covenant, but would constitute "absolute withdrawal" from the responsibilities of Article X and consequently a rejection of the treaty.

#### "U. S. on Special Footing"

"Does the United States want to be in on that special footing?" asked Mr. Wilson and there were great shouts of "no."

Answering objections that under Article X the United States might be called on to settle Balkan controversies, he said:

"If you want to put out a fire in Utah, you don't go to Oklahoma for the fire engine, and if you want to put out a fire in the Balkans, you don't send to the United States for troops."

The choice would be made, he said, from the "most suitable and most available" forces, and the decision would be made with the consent of all the nations concerned. Should the controversy spread so that the aid of the United States would be necessary, he said, then it would be necessary.

so serious a situation that this nation would get in any way, league or no league.

Says Germany Fears League  
He said he had no notion of rejection upon the public men who were aiding the opposition, but he declared they were pleasing Germany by their attitude. Through certain channels open to the government, he said he knew Germany was "praying" that the United States would stay out of the league.

Every previous treaty, he said, had been a division of spoils, while the present document was "an absolute renunciation of spoils."

Through the people, the president said, he was appealing to senators to take a second thought if they intended to write into the treaty any such reservation as that he has quoted.

HUGH BAILLIE,  
(United Press Staff Correspondent.)

On Board President's Train at Rolling, Wyo., Sept. 24—President Wilson's attitude in regard to the steel strike probably will be made known in a speech very soon. He also has established a precedent for such action by condemning the Boston police strike. He believes when any faction refuses to submit its case to arbitration their case is defective. He also has been condemning violence but will point out that causes cannot be eliminated unless established by the treaty ratification, and believes that the getting together of capital and labor will lead to the settlement of the steel dispute, that if both parties signify a desire to act, he will arrange an armistice until the conference meets at Washington.

President Wilson's train passed through sparsely settled country today and but few people were out to see the train go past. After one speech in Cheyenne this afternoon the president was scheduled to arrive in Denver sometime during the night, but a change in this plan was in consideration and plans for the train to remain in some secluded spot until about 9 to assure the president absolute rest.

At Rolling, Wilson was met by small crowds. A newspaper man made bold to interview him, despite warnings that it was never done.

## Get Together--- Talk It Over

The President Believes Will Prove Effective in Settling Labor Troubles

BY HUGH BAILLIE,  
(United Press Staff Correspondent)

Aboard the President's train enroute to Cheyenne, Wyo., Sept. 24—"Ratification of the peace treaty with its labor provision will enable men to forget war and begin working toward peace in the industrial world." This can be given the President's attitude, not toward the steel strike only, but toward labor difficulties in general, with regard to which he is preserving an attitude of absolute silence.

Although there was no hint from official circles, there seems to be an attempt to avert the strike and wait until both sides are ready to negotiate. He will probably propose an armistice until the conference which meets October 6. President Wilson is firm in his belief that the cooling off process can be applied to industrial disputes as well as the league, and if representatives of both sides will get together and talk it over, a settlement would be made, he said.

### Author of New German Constitution as He Looked Recently at His Berlin Home

Dr. Hugo Preuss is really responsible for the new German constitution in the form in which it was adopted at Weimar. The author of this document, which made over the basic laws of the empire ruled over by William Hohenzollern only a few months ago, was photographed recently in the garden of his Berlin home.

west wind. Clear. Trace rain.  
Sept. 24, Minimum during the  
night, 35.

### SUGAR SCARCE HERE

Sugar is scarce again in Brainerd.  
Merchants should take up this sugar  
matter and see about a supply as  
many farmers are buying groceries  
in big lots in Chicago and with such  
supplies are able to buy 100 pounds  
of sugar. Several farmers received  
each 100 pound lots yesterday. In  
view of retaining home trade the  
business men should see about get-  
ting their quota of sugar supplies.  
They can have no excuse for a short-  
age if individuals are able to order  
it and can receive it in 100 pound  
sacks from Chicago.

There has been a change in own-  
ership at the barber shop in the Iron  
Exchange building basement, form-  
erly owned by Hebert & Hickethler.  
O. E. Hickethler has sold his inter-  
est to Cliff Russell and the new firm,  
which has a four chair shop, will be  
known as Hebert & Russell.

Let us show you our new line of  
ladies fall Boots that we have now  
on display. They are a 9-inch lace  
boot of nice soft kid in black, grey  
and dark brown with either the  
French or straight heel. They sell  
at \$8.50 and \$9.00 per pair. B. Kaatz  
& Son. 11

H. R. Griebel, commercial photog-  
rapher of Brainerd, has returned  
from Pillager where he attended the  
fair and took many pictures. His  
largest commission was from G. A.  
Schumacher, who owns "Grand View  
Stock Farm," three miles west of  
Pillager, where he took pictures of  
the farm and of Mr. Schumacher's  
prize winning bulls, cows, heifers,  
calves, etc. The cattle pictures are  
especially fine, showing stock with  
no attendants to detract attention.

### Lloyd George Will Come to America

(By United Press)

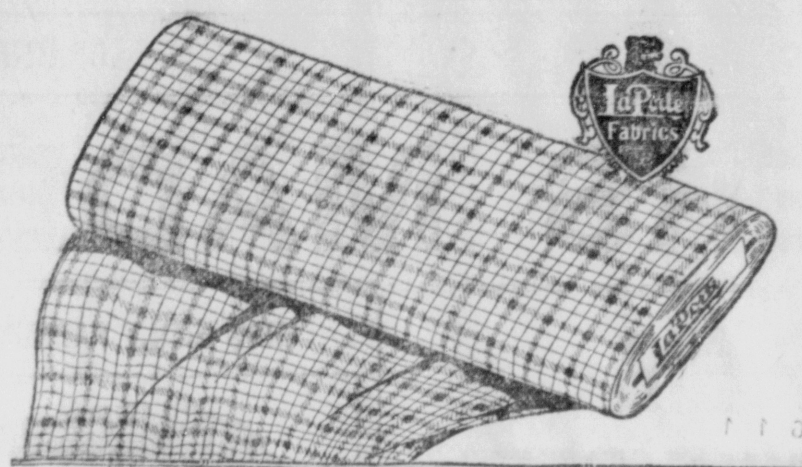

London, Sept. 24—The report was  
heard in American circles that Pre-  
mier Lloyd George is planning to go  
to America to attend the league of  
nations meeting.

Forgot Waiting Bride.

When John Kenble, the gifted trage-  
dian, was married, he returned to the  
stage to play Hamlet on his wedding  
evening. Whether his mind became so  
absorbed in the character as to ex-  
clude all other matters of vital impor-  
tance, we cannot say; but for the time  
he forgot his waiting bride and what  
had befallen him on that fateful day,  
and went off to his own room on the  
conclusion of the performance at the  
theater.

Getting Children Ready for School  
Common cold are infectious and  
it is wrong to send a snuffling,  
sneezing, coughing child to school to  
spread disease germs among other  
little ones. Foley's Honey and Tar  
relieves coughs and colds, loosens  
phlegm and mucus, and coats raw,  
irritated membranes with a healing,  
soothing medicine. Contains no op-  
iates. H. P. Dunn. mwf

### NUXATED IRON

IS USED BY OVER 3,000,000 PEOPLE ANNUALLY TO HELP BUILD UP THEIR HEALTH STRENGTH AND ENDURANCE

You Can Tell The People Who Have Plenty Of Iron In Their Blood—They Are The Strong Vigorous Healthy Folks

Look around at the men and women you meet in a single day. One glance is enough to tell the ones with plenty of rich, red blood, strength and physical energy to back up their mental power and make them a success in whatever they undertake. Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says that to help make strong, keen, red-blooded Americans there is nothing so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is conservatively estimated that Nuxated Iron is now being used by over three million people annually, and it has been used and endorsed by such men as U. S. Commissioner of Immigration Hon. Anthony Camilleri, also United States Judge G. W. Atkinson, of the Court of Claims of Washington, and others. Nuxated Iron is dispensed by all good druggists everywhere.

Sold in this city by H. P. Dunn and all good Druggists.

## WOMAN'S REALM

### LADIES TO NISSWA ON RECREATION TOUR

Headed by Mrs. D. M. Clark, Twelve in the Party, To Visit Mrs. M. K. Swartz

INTERVIEW GIVEN DISPATCH

Private Theatricals to be Given with Mrs. Ed Day Taking Part of Young Bride

A group of eleven charming matrons of the city went to Nisswa this afternoon, traveling by Minnesota & International railway. The party was originally twelve in number, but Mrs. Bertha Theviot, it was stated, had made a flying trip ahead.

Mrs. D. M. Clark headed the party. It was stated that part of the amusements was to be private theatricals in which Mrs. Ed Day would take the part of a young bride.

The ladies in the group were Mrs. D. M. Clark, Mrs. E. J. Quinn, Mrs. M. E. Stauner, Mrs. John Ernster, Mrs. O. B. Hamlin, Mrs. Gibson, Mrs. J. W. Koop, Mrs. Wm. Graham, Mrs. Delamere, Mrs. C. W. Eastman, Mrs. Ed Day.

As the going away this afternoon of so many ladies means no mother home at meal time, the list has been given the Chamber of Commerce club dinner committee, and they no doubt will telephone the husbands to come around to the Chamber and get something to eat for supper.

### GORGEOUS SET OF BLUE WOLF

Milady will have no fear of the cooler days of late summer and spring if she wears this stunning set of blue wolf.

### NOVELTIES IN FALL BLOUSES

One Short in Length and Cut Straight Is Especially Admired—Another in White Crepe.

In selecting blouses for fall no woman can make a mistake by including several over-the-skirt models. Many interesting novelties are being offered. One that is especially smart is barely hip length, is cut quite straight and held in at the hips with a tight band that usually is richly embroidered. Rich, heavy satins and silks, crepes and velvets are used for blouses of this type. One lovely model recently seen in a collection of fall blouses not yet in the shops was made of heavy white crepe, cut with a round neck, open a trifle in front so that it would slip easily over the head. It has elbow sleeves and the bottom of the blouse and neck were richly embroidered in gold, rose and black.

Brown Must Be Enlivened.

A good deal has been written this season concerning the brown shades, and the use of this color has been extended to evening wear, for which it has sometimes been considered too somber. When so used, it is almost invariably lightened by touches of metal or paillette effects, and the fabrics chosen are of themselves sheer.

Flowers Foretell Rain.

The ordinary clover and all its varieties, including shamrock, are barometers. When rain is coming the leaves shut together like the shells of an oyster. For a day or two before rain comes their stems swell to an appreciable extent, and stiffen so that the leaves are borne more uprightly than usual. This stem swelling when rain is expected is a feature of many flowering grasses.

A Foley Cathartic Tablet Is a prompt and safe remedy for sick headache, biliousness, bloating, sour stomach, gas, bad breath, indigestion, constipation, or other condition caused by clogged or irregular bowels. They cause no griping or nausea nor will they encourage the "pill habit." Just fine for persons too stout. H. P. Dunn.

### TUNIC FROCK FOR YOUNG GIRL

Of Velvet or Taffeta With Distinctive Touches That Will Please the Youthful Wearer.

Designing styles for the young girl is largely a matter of adapting the simple modes of the grown-up to the more youthful figure. A season of draped effect in women's frocks usually finds an echo of some sort in the garments turned out for members of the younger generation, and the coming season will prove no exception. Straight-line garments, draperies, and tunics have all been approved for women, and certainly straight-line chemise or smock styles and tunics are being equally strongly favored in the dresses developed for girls of ten years and over.

Seen recently was a smart little tunic dress that may be made of wool material, of velvet or of taffeta. It would be exceptionally smart made of taffeta in navy, with narrow double fringe in contrasting color outlining the neck and the side closing. Buttons matching the fringe also give a trimming touch. The sash ends are also finished with fringe. If made of velvet or serge the sash may be omitted and a wide crushed girdle caught with an ornamental buckle substituted for it.

### CAPE IDEA FOR FALL

Paris has indorsed the cape, and it will be prominent in the fall fashions. This frock is sand taffeta with black satin stripes and the cape is of black satin lined with sand georgette.

It All Depends.

Brace up! Some people are ground down on the millstone of life. Others get polished up. It just depends on the stuff you are made of.

OLD PAPERS—5c BUNDLE

### Long Distance Calls and Operating Expense

Long distance telephone calls can be handled with much greater speed when conversation is not required with a particular person but when anyone at the telephone called will talk.

Also, the operating cost and use of wires involved in handling a long distance call for a particular person is much greater than for a message where the person will talk with anyone answering the telephone called.

A lower rate is now offered to telephone users who place long distance calls for anyone at the telephone wanted rather than for a particular person.

A "report charge" is made to cover a portion of the expense we incur when a long distance call is placed but which is never completed.

# DETAILED REPORT OF MONTHLY PLEDGE FUND

Carefully Compiled Statement Shows  
BRAINERD RAISED \$15,854.08—Only  
Portion of This Used

## FIFTY PER CENT REFUND IS ORDERED

Donors to Receive Checks Amounting to  
\$7,927.05—Much Accounting Re-  
quired—Over 50,000 Entries

The final report on the Monthly Pledge fund raised by Brainerd citizens to assist the local branch of the American Red Cross at a time when its finances were at a decidedly low ebb, has been completed by the treasurer, George D. LaBar.

The report goes into detail, from the period when the necessity of financial assistance for the local Red Cross was discussed by the committee who inaugurated the monthly pledge plan, to the final disposition of the funds not required. The accounting of this fund collection report have entailed much hard work, many entries on the books and the conservative handling of the fund itself.

The report makes interesting reading, not only to the donors for the special benefit of whom it is published but the reading public as well. It is given here in detail and with much satisfaction at the very gratifying conclusion of a community method of financing a worthy proposition in which the citizenship in every walk of life is well represented. The report follows:

### Necessity for Funds

During February 1918 the depleted condition of the Treasury of the local branch of the Brainerd Chapter American Red Cross made it imperative that in order to avoid utter collapse, some comprehensive plan be laid out to meet the large deficit existing at that time and also to insure the continuation of the local departments of the Brainerd Chapter during the war. A campaign was accordingly put on during March 1918 for monthly pledges extending over one year. The plan was so successfully carried out that the total far exceeded the expectations of the committee that engineered the campaign. The pledge cards as taken read "For the purpose of providing funds for the local Red Cross Chapter" and consequently these funds were carried separate from the regular Red Cross funds and only such an amount turned over to the Brainerd Chapter as their needs demanded.

### A Gigantic Task

The result is therefore so unusual that a full report is made for the benefit of the subscribers. This report, however, is somewhat extensive owing to the fact that over eleven hundred individual subscriptions were received and considerable time has been required to make the report and checks for the refund and one can readily realize the work in connection with the accounting of this fund when they find that each subscription required 12 entries, making over 13 thousand original entries on the Treasurer's books, and these have required twice that number of entries by the eight collectors, beside this report which will make the total far in excess of fifty thousand entries.

### At Practically No Cost

This has been a gigantic task and the work carried on with no cost whatever to this fund or to Brainerd Chapter except printing, stationery, and postage and a merely nominal sum of Twenty-five dollars paid R. J. Tinkler for transcribing the original cards to the Treasurer's record-books.

The Treasurer has not only given his services without any charge whatever, but has personally paid for the posting of the monthly collections during the year. The eight collectors have also given their services free and are entitled to the full appreciation of the community.

### A Large Sum Realized

The total collections for this fund amounted to \$15,854.08 but only \$5,400.00 was required by the Brainerd Chapter for use in its War Activities, and as the subscriptions were made for "the assistance of the local Chapter in their endeavor to lessen the suffering caused by the present war", which War being over and the demands of the Chapter having practically ceased, the special committee that evolved this plan recently recommended a refund of 50% of the total amount collected be made to the various subscribers, that is, 50% of the amount that each subscriber actually paid be refunded to him. This would make a total refund of \$7,927.05 which added to the \$5,400.00 paid over and used by the Brainerd Chapter would make a total of \$13,327.05, leaving a balance of \$2,527.03 which was recommended be retained and held in trust for use in such community activities as are recognized as coming under the jurisdiction of and in conformity with the work of the American Red Cross within the City of Brainerd where said funds were raised. The Trustees of this fund to be composed of the individuals constituting the officers of the local branch of the Brainerd Chapter as follows: Chairman, Vice Chairman, Secretary and Treasurer, together with the Chairman of the Finance Committee, as they may be from time to time duly and regularly elected.

This recommendation was unanimously adopted at a recent meeting of the Directors of the Local Chapter and much of the Treasurer's time has since been taken in making the complete statement that follows, showing the subscribers, the amount paid by each and the refund.

It has been deemed best to divide this statement into eight units the same as at the time of making the collections and the subscribers are requested to call on their district collecting chairman for their refund checks. In a few instances, however, transfers from one collector to another have been made and therefore such subscribers may find it necessary to go to both collectors for his refund checks. The subscribers whose names appear in the Ninth Division, or "Paid in Full" should call on the Treasurer for their checks.

In view of this unexpected refund each person receiving a refund check, it is believed, will be only too glad to subscribe to the ANNUAL RED CROSS MEMBERSHIP CAMPAIGN which is to be put on in the near future, and possibly other worthy causes may come to your attention and

this fund will enable you to respond without any particular injury to your financial calculations for the winter.

The following is the statement prepared by George D. LaBar, who has acted as Treasurer of the Monthly Pledge Fund and is submitted for the benefit of the subscribers:

## START GRADING ON OAK STREET ROAD

Wilkins & Pettyjohn of Park Rapids  
Have Sub-Contract for Grading  
Highway

### NOW AT "TWO MILE CORNER"

Machinery Unloaded, 8 Teams at  
Work, Camp Near Operations,  
More Men Needed

Wilkins & Pettyjohn of Park Rapids, who have the grading sub-contract on the Oak street road, have commenced at the "Two Mile Corner," and are working west. McCree & Moos have the general contract for building the four miles of cement highway.

Machinery recently received by the grading contractors included an elevating grader and dump wagons. Eight teams were started. Employment can be given eight or ten men additional. A camp has been established near the roadway.

### TWO DEATHS

Miss Ruth Martha Henry, Aged 19,  
Passed Away—Otto Anderson,  
Age 83, Died on Farm

Miss Ruth Martha Henry, age 19, daughter of Mr. and Mrs. John Henry of St. Mathias, died at the Deerwood sanatorium following an illness of four months. She leaves a sister. The funeral will be held Thursday afternoon at 2 o'clock from the D. E. Whitney chapel, Rev. E. A. Cooke officiating. Interment will be in Evergreen cemetery. The family formerly lived in Iowa.

Otto Anderson, age 83 a pioneer farmer of Garrison, died at his home Sept. 22 from cancer of the stomach. He leaves a wife and one son, O. B. Anderson. He was buried Wednesday afternoon, interment being in Garrison cemetery.

### ARMY SUPPLIES IN TOWN

Eagle Provision Co. Buys Quantity  
of Bacon and Pork and  
Beans

The Eagle Provision Co. has started hammering at the high cost of living and C. N. Erickson has obtained for his Brainerd store a quantity of army bacon, government inspected, which comes in 12 lb. tins and sells at 31c per lb., as a special this week.

A shipment of canned pork and beans, 3 lb. cans, is expected shortly. This will also be put on sale at cheap prices.

### Minneapolis Retail Prices:

Spring Lamb Stew.....12c  
Spring Lamb Chops.....25c  
Good Steak.....18c  
Good Pot Roast.....10c

### Cut this Out—It is Worth Money

DON'T MISS THIS. Cut out this slip enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn, mwt

### KNIGHTS OF COLUMBUS

John F. Hurley Again Heads Popular  
Order, P. J. Oberst is Again  
Financial Secretary

The Knights of Columbus elected officers Tuesday evening, again naming John F. Hurley as Grand Knight. Another official who has given much time and thought to the order was re-elected, P. J. Oberst.

That the order is alive and wide awake is evidenced by this little kindly act recorded a few days ago, when Babe Ruth, smashing out his 26th home run and beating the record which stood for years, was remembered by the K. C.'s who gave him \$600 in government securities.

In war work and these days of reconstruction the Knights of Columbus have been busy members. They made a record "chasing down jobs" for returned soldiers, sailors and marines.

At the election Tuesday evening these officers were elected:

Grand Knight—John F. Hurley.  
Deputy Grand Knight—A. J. Cullen.

Chancellor—J. J. Nolan.  
Advocate—M. DeRosier.  
Financial Secretary—P. J. Oberst.  
Recording Secretary—Jos. Rasch.  
Chaplain—Rev. Father J. J. O'Malley.

Trustee for 3 years—A. B. Willing  
Inside Guard—J. J. Schoenecker.  
Outside Guard—Joseph Ernst.  
Warden—Wm. J. Burns.

Brainerd Council is planning on a large class in the near future.  
On Oct. 12 St. Cloud will exemplify the fourth degree and several from Brainerd will take it. Hitherto this degree has only been conferred in New York.

### ROLL OF HONOR

Earl J. Golemboske, one of the first high school students to enlist, returned home this afternoon from the war zone. He served in the signal corps, wireless section. He enlisted in early May before his class graduated from the high school.

Lieut. Pomerain of Oshkosh, Wis., is spending the week at Hubert.

### A TWICE-TOLD TALE

#### One of Interest to Our Readers

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Brainerd woman is confirmed after ten years.

Mrs. Amanda Erickson, 1103 E. Oak St., Brainerd, says: "I suffered with my kidneys for two or three years. A dull pain through my back and loins burdened my health and kept me in constant discomfort. I was subject to headaches and dizziness. I tried Doan's Kidney Pills, procured at Dunn's Drug Store, and how I feel much better in every way." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Erickson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

#### Attention Odd Fellows

Third degree Wednesday night. Be there.

J. C. CLAUSSEN,  
9512 Noble Grand.

## When you are ready to buy

You should visit our garment section when you are ready to buy. We do not have a lot of extreme garments which you only admire and which you would not care to purchase but we are showing a very pretty assortment of those desirable garments which have style and which are most reasonable in price. We have given much attention to quality as service is wanted by most women in the garments they purchase.

Our garment shipments were delayed but we have now received a large number of them and know that we can interest you. Now is a splendid time to make a selection of your winter garments.

H. F. Michael Co.

## HOW ABOUT 'DAD'?

Writer Makes Plea That Is  
Worth Consideration.

Too Often Father of Family Gives All  
With Comparatively Little  
Return From Those  
He Loves.

It is not father's fault. He rarely admits that he has cause for complaint. So someone must do it for him.

Imagine, if you please, a successful man of 50. Besides his prosperous business or profession, he has laid up an independence. He has fine character, unblemished reputation, good health and apparently ideal family relations. Yet he is not happy. Possibly he knows what is the matter; more likely he doesn't; but we do.

It is those seemingly ideal domestic relations. Of his three children, his son, a fine young man of 19, promises, after the subsidence of youth's effervescence, to follow worthily in his father's footsteps. But there is no comradeship between them. The boy greatly respects his father, and his love might be a stay in the crises of life, but is small comfort in its dead levels. He would as likely think of chumming with Abraham.

His elder daughter is "out," his younger still a school girl. He has given them every advantage of education, pays their bills, keeps open house for their company, sometimes board, visiting girl friends for weeks. He has been driven from the parlor to the library by the force of that deep-rooted American delusion that social pleasure is strictly for young people. To be sure, his girls sometimes take fits of petting him, but the unfortunate coincidence of these spells with calls for some fresh indulgence will force itself on his attention, despite his loyal efforts to be fondly blind.

And his wife, the one member of his family of his own generation, she who has with him a common past, common interests and a common remembrance of "Love's Young Dream," surely she is in perfect accord with him? Surely she sits in the library with him?

No, she doesn't. A successful man's wife often mistakes the deference paid to her for tribute to her own charm when in fact it is paid solely to her husband's wife. Occasionally death and misfortune rob her of both husband and money and then she is made to realize how little court is paid to her personality. But the mistake is quite natural, and she really believes her husband fortunate to possess her. Therefore, when she has given the time and thought necessary to the smooth running of the domestic machinery she fancies she has done her full duty by him. The rest of her energy she gives to her clubs, her limousine, the dressing of her daughters and herself; in fine, to all that pertains to the social standing of the family; never questioning the real happiness of the talented man who is steadily working for the means to give her and her children these advantages. She takes it for granted that he is completely satisfied with that vocation.

But he isn't. He is human and often love hungry. It is high time his family call their dormant love into active life and give smiles to him now, instead of tears to his casket.—Pennsylvania Grit.

#### Matters of Etymology.

Ramblers among the derivations of words can always find fantastic similarities. "Cocayne" is centuries old and means a land where ease and luxury prevail, lubberland, an imaginary abode of the lotus eaters. Its etymology is disputed but possibly from the French meaning "cake," the Land of Cakes. It has been connected with "Cockney," whose origin also is uncertain, meaning a dweller in London in sound of Bow bells. "Cocayne" is usually spelled "Cockaigne." The two words differ absolutely in pronunciation, for it must be remembered that "cocayne" is pronounced co-cay-in; three, not two syllables. Another error, made by those comprising "quite a few" pronounce "paralysis" which has the "s" short and accent on the first

syllable as if the "e" were long and the accent on the second. Finally, the origin of cocaine is clear, from the South American coca plant and the chemical suffix "ine."

#### Again.

On the night of armistice day a negro trooper met some hilarious Frenchmen. Next morning he was before his captain, charged with intoxication.

"Young man," scowled the captain, "you've got a mighty good record, and I'm sorry. Have you any excuse to offer for this outbreak?"

"I ain't got no excuse, please, cap'n," said the culprit, "but I've done got a good reason."

"A reason," exclaimed the captain. "What is it?"

"Well, cap'n, I dunno de English fo' it, but de bunch I met las' night called it 'encore.'"

#### Concrete Baffled Bandits.

At the time of the Madero revolution in 1910 the various railways of Mexico were beginning to use concrete in the making of culverts, and it is understood that most of the concrete culverts and bridges built at that time have withstood the bandits' attacks and other injuries, while the wood and steel structures have been destroyed.

Mud Wallows Are Hygienic.  
An old proverb says: "Mud does not stain." It might be completed by: "It even serves as soap, at least in Esthonia."

There are from three to five million inhabitants in Esthonia who have no soap.

It is difficult, in a country where there is such a lack of transportation facilities, to assure sufficient quantities of a necessary product to a population which is greatly in need of other things besides. That is why the American Red Cross, while waiting for new supplies of soap, has instituted mud baths. Esthonian mud has no healing powers, but thanks to regular mud baths, public hygiene has improved in this country.

A very simple thing; but it had to be thought of.—From Le Figaro, Paris.

#### Had Advanced Rates.

Whenever Warren went on an errand for auntie she invariably gave him a penny for a stick of candy. Last week she sent him to the drug store and upon his return with the desired article she, as usual, remunerated him with a penny.

"I'll 'cept this on account," compromised Warren.

"What do you mean by that?" demanded auntie.

"My charge for running an errand has gone up to a nickel," independently explained Warren. "Don't forget that the price of candy has been raised now."

#### His Great Idea.

Frederick, aged four, has a beautiful mother, whom he very much admires. One day he accompanied his father to an art exhibition and for the first time he saw marble statuary. His father explained to him that many of the busts represented real people and how the artist cut them out of marble.

On the way home he was unusually quiet. Finally he exclaimed: "Oh, daddy, couldn't we have mother busted in marble?"

#### Opening of Panama Canal.

In 1914, on August 15, the Panama canal was formally opened to the world. The canal had been nine years in building. The total cost of construction, exclusive of fortifications, civil government and payments to the republic of Panama, was approximately \$337,000,000. The first passage after the formal opening of the canal was made by the steamship Ancon, Colonel Goethals, governor of the canal zone, was on board. The passage from Cristobal to Balboa was accomplished in nine hours.

#### For Men Who Work Hard

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 734 S. Jackson St., Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe back-ache that bothered me for several months. A few bottles fixed me up in good shape." They also relieve bladder and urinary ailments. H. P. Dunn, mwt
